Dear Hiring Manager,

I am excited to apply for the Front End Developer Intern position . With a solid background in web development and design, I am eager to contribute to your team.

My academic journey has been both rigorous and rewarding. I recently completed my Higher National Diploma in Computing (General) from IDM Nations Campus, complemented by a Diploma in Information Technology from ESOF Metro Campus. These programs have solidified my knowledge in key web development technologies, including HTML, CSS, Tailwind CSS, React, and JavaScript.

With extensive experience in Figma and Adobe Photoshop, I combine my technical skills with a keen eye for design, enabling me to create visually appealing and user-friendly interfaces.

My some key projects are:

- [Portfolio](#) – UI Design and Web Application: A personal showcase that highlights my design and development capabilities. (React Js, Tailwind Css)
- [Business Web Application](#): A responsive and interactive application designed to meet various business needs. (React Js, Tailwind Css)
- [Photographer Portfolio Application](#) – Web Application: A sleek, modern responsive and website for showcasing photography work. (React Js, Tailwind Css)
- [Fashion Store Website UI / UX](#) – An e-commerce website with a focus on user experience. (Figma , Photoshop)
- [Photographer Portfolio UI / UX](#) – A sleek, modern and Vintage Theme website for showcasing photography work. (Figma , Photoshop)

I am particularly impressed with your company commitment to innovation and would love to bring my skills and enthusiasm to your team. Thank you for considering my application. I look forward to discussing how I can contribute with your company.

Sincerely,

Ashan Kavindu
